## Scientific Institutional Review Board Member

Advarra® is the premier provider of institutional review board (IRB), institutional biosafety committee (IBC) and research quality and compliance consulting services in North America. Fully accredited by AAHRPP, Advarra serves the world's leading pharmaceutical, biotechnology, medical device and contract research organizations, as well as academic medical centers, hospital systems, investigative site networks and therapeutic research consortia.

Advarra is currently recruiting for individuals with a medical background to participate in the institutional review board (IRB) review, approval and oversight of research involving human subjects on a contract basis. The position requires the ability to apply regulations relating to institutional review board review and informed consent in situations involving both full board and expedited reviews.

- Ability to understand and apply the regulations relating to research involving human subjects
- Maintain confidentiality in the review of any Board and study-related material(s)
- Adherence to the highest ethical standards
- Demonstrate leadership skills
- Be collaborative in group discussion
- Demonstrated consistency and dependability in quality and quantity of work

Advarra is advertising for the following:

1. Unaffiliated (contract) institutional review board members with a scientific background who can participate remotely in IRB meetings
